PROFILE SUMMARY

I`m a 22-year-old Full Stack Web Developer with hands-on experience in building web applications using technologies such as React, TypeScript, Node.js, PostgreSQL, Docker etc. Proficient in developing user-friendly interfaces and skilled in backend development with Express, NestJS, MongoDB, Prisma etc. Completed several large personal and collaborative projects, applying Agile methodologies and Git version control. Striving for continuous self-improvement and contributing to meaningful and interesting projects.

SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React, Redux, Next, Tailwind, MUI, Bootstrap
Backend: Node.js, Express, NestJS, MongoDB, PostgreSQL, MySQL, Sequelize, Prisma, Docker, Spring, .NET
Soft skills: teamwork, ability to learn quickly, critical/analytical thinking, meticulousness, proactivity

EXPERIENCE

SoftServe
Frontend developer | Jan 2025 – Feb 2025

Worked on a client side of full stack movie booking application (on React, TS, Redux, .NET Framework, PostgreSQL) with separate pages for users and admins, protected routes and CRUD operations.

DAN.IT
Backend developer | Apr 2024 – Jun 2024

Worked on a full stack project (on React, Spring Java Framework, PostgreSQL) – analogue of Facebook social network. Worked on a server-side logic of the application.
